

JACOBS 700/7000 SERIES®

Application

- 700 Series—Recommended for professional grade DC Rotary/Hammer drills
- 7000 Series—Recommended for professional grade heavy duty AC Rotary/Hammer drills

Features & Benefits

- Carbide Jaw Bite reduces bit slippage and enhances jaw wear resistance (which can cause further bit slippage)— even in the most demanding applications.
- Jacobs patented Hammerlock® technology provides a positive locking mechanism which prevents loosening in hammer and other high vibration applications.
- Jacobs patented Anti-Lock prevents chuck from locking open.
- Single sleeve versions for drills with spindle locks to provide a larger gripping surface and one-handed tightening.
- Patented Torx® Technology for easy mounting.
